INVESTED FUNDS

Upwards of ONE MILLION THREE HUNDRED and EIGHTY-TWO THOUSAND POUNDS STERLING.

Assurers have the choice of two separate Classes of Assurance.

IN CLASS A. THE BONESES are paid in Money to the Policy-holder himself, commencing AT AN EARLY STAGE OF THE POLICY.

An allocation of Profit in Cash is made every year in this class, to all Policies of not less than five years' standing at the preceding Annual Balance, and each Policy-holder's share is applied in payment of his next Annual Premium. The Outlay required for the Policies has thus, for many years, been only from 62½ cts. to 75 cts. per \$1 of the Premiums, according to standing, and commencing with those due at the end of the sixth year.

CASH PROFITS of more than £445,000 sterling have been distributed in this manner to the Policy-holders during their own lives.

In CLASS B. the BONESES are unusually LARGE ADDITIONS TO THE SUM ASSURED, and may be exchanged for a MOST IMPORTANT PROVISION IN OLD AGE to the Policy-holder himself.

At the Division for 5th December, 1870, the LARGE BONUS ADDITION of £4 per cent. on the sum Assured, was declared for every premium paid on each participating policy, and payable along with the Sum Assured, provided the Life attain the average expectation of persons at his age of entry. It is evident that at this rate of Bonus the SUM ASSURED will be more than DOUBLE in a comparatively short period.

But the Policy-holder has the option of exchanging these large Bonus Additions, when he reaches the average period of life, for an equivalent in a

VALUABLE PROVISION FOR HIS OWN AFTER LIFE-TIME by a CASH PAYMENT OF ANNUITY.

For Example, a Policy-holder for £1000, at the age of 25, on his attaining the Average period, of persons of that age, will at the rate of Bonus, have had an addition to his Assurance of £1,500 making the Sum Assured £2,500 instead of £1,000.

Or he may then exchange this large Bonus addition for ONE CASH PAYMENT of about £1,000 to himself.

Or he may exchange the Bonus Addition for an ANNUITY of about £102 payable during his life.

Such exchange will in no respect affect the Sum assured, which, as well as the right to future Bonuses, will remain intact for the Heirs or other purposes of the Policy-holder.

UNDER NO OTHER SYSTEM can anything like the same amount of benefits be obtained, whether as regards Increase of Sum Assured, or an equivalent in Cash Payment, or Life Annuity.

An Assurer during the current year in Class B. will receive at next division, ONE-FIFTH MORE Bonus than later Entrants—The difference being—probably so much as £40 on a £1,000 Policy.

Our Boiler work is nearly all performed by Machinery, viz.: Punching, Bending, Riveting and Boring. As our Works were burned down last year, all our Patterns are of the most modern approved style. The public will see the great advantage they will have by inspecting our works. Machinery and arrangements to execute orders promptly, and in a style that cannot be approached by manual labor; or old and inferior Machinery. As all our Machinery is new, and the best that can be found in the works of British and American Machine Builders.

Parties requiring Machinery can have them made in the most improved Style. All our Patterns are New, and we will have none but inducing them to take old designs.

THE IMPROVED

TURKISH OR ROMAN BATH,

140 St. Monique, near Crystal Palace, Montreal.

There are many kinds of Baths, but the above Bath is, in its nature, peculiar and singular, and when rightly administered, produces results which cannot be obtained by any other:

1st.—THE EFFECTS of this Bath are to cleanse and promote the healthful action of the skin and the seven millions little perspiratory sewers or pores which open upon its surface, and carry waste and effete matters from the system.

2d.—TO PURIFY the blood by drawing off its impurities through the perspiration.

3d.—TO EQUALIZE the circulation of the blood throughout the system, thus removing all local congestions of the head or internal organs.

4th.—TO SOOTHE and tranquillise the nervous system.

THE SPECIAL USES OF THIS BATH are to secure perfect cleanliness, to preserve health, to prevent disease, and for its treatment a most invaluable agent, especially for cures of Coughs, Colds, Rheumatism, Neuralgia, Intermittent Fever, Bilious derangements, Scrofula, Bronchitis, Sciatica, Malarial Fever, Local Congestions, Inflammations, and Skin Diseases.

This Bath has justly been entitled the "Queen of Baths," and having been constructed with the most modern improvements, and with perfect regard to ventilation, and being under medical supervision, I trust it will meet with that patronage which it merits, both as an invaluable medical agent and also as a sanitary means.

Circulars, with full particulars and all information, given on application.

PREFACE.

IN PRESENTING the MONTREAL DIRECTORY for 1872-73, the Publisher takes great pleasure, first, in acknowledging the hearty and liberal support which has been bestowed upon it; and, secondly, in offering a work which he sincerely believes will be found very complete in all its departments. Every effort has been put forth on his part to make it such. Reliable agents were engaged to make a thorough canvas of the city, and take the names, occupations, &c., and their work was subsequently revised and corrected by other agents. *Not one name was put in type before it had been taken a second time.* It is in this manner that the Publisher endeavours to give his Subscribers, and the citizens generally, a DIRECTORY on which, for accuracy, they can depend.

The size of the work, it will be observed, is this year somewhat larger. This is owing to the addition of a considerable number of names, consequent on the rapidly increasing population of Montreal and Suburban districts.

The STREET DIRECTORY will be found very full and reliable. This is a valuable part of the work, being a Directory in itself.

The surrounding Villages have been taken with great care, and are placed in their Alphabetical order after Montreal, a brief sketch introducing each.

The Miscellaneous information has been carefully compiled, and will be found very complete and of much interest.

Great care has also been bestowed on the Advertisers' and Subscribers' Business Classified Directory; in fact every portion of the work has had the most careful supervision.

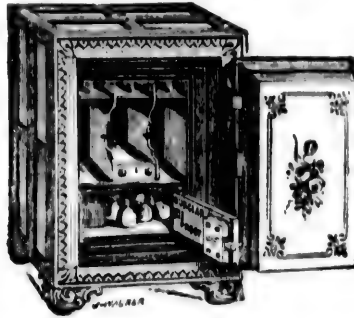

The Publisher is thankful to all those who have aided in the supplying of information, and in bringing the DIRECTORY to a successful issue.

JOHN LOVELL.

THE EQUITABLE

Life Assurance Society

OF THE UNITED STATES.

CASH ASSETS, - - - \$18,000,00
 CASH INCOME, - - - 8,000,00
 SURPLUS, (beyond what is required for Reserve), nearly 2,000,00

New Business, Sum Assured, 1871, - \$41,804,027.

Purely Mutual—All Cash—Annual Dividends.

Dividends paid at the end of the FIRST and Every Succeeding Year.

POLICIES NON-FORFEITABLE.

The Society will give a cash value, or its equivalent in a paid-up policy, and thus make policies non-forfeitable, as follows:

Life and Endowment Policies, the premiums on which are payable during a stipulated period longer than Ten Years, after THREE annual premiums have been paid.

All Five and Ten payment policies, whether Life or Endowment, after two annual premiums have been paid, for as many Fifths or Tenths respectively as there shall have been payments made for full year premiums.

THE EQUITABLE HAS BECOME THE LEADING COMPANY OF THE WORLD.

Attention is particularly called to the new method of insuring lives originated by The Equitable, combining greater advantages than have heretofore been presented to the public for making Life Insurance a Remunerative Investment,

Entitled THE TONTINE SAVINGS FUND POLICY.

1. It has been urged, as an objection against Life Assurance, that it is more profitable in the case of those dying early than of those dying in old age.

2. It has been further objected that the money invested in Life Assurance could not at any time be withdrawn and the transaction terminated, except with serious loss.

To remove even the slightest ground for such objections The Equitable Life Assurance Society introduced for the first time, the Tontine Savings Fund Policy, the principle of which will be applied to new policies upon any plan of Insurance heretofore offered by the Equitable, without increase in rates of premium.

EXAMPLES.—It is calculated that if a person insured under an ordinary life policy for \$10,000, at age of 37, (annual premium \$281.70), should elect the TEN YEAR class, he will at the end of that time be able to terminate his policy, and receive therefor a sum in cash greater than all the premiums paid by him; should he prefer to continue his policy he may have an annuity which, with future dividends, will cancel subsequent premiums. In lieu of either of these methods he may take a paid-up policy for \$10,000, having been insured meanwhile for \$10,000. The same option, with still more profitable results, is open to those electing either of the other classes. If a person should elect the FIFTEEN YEAR class, he may, on the same assumptions, at the expiration of that time withdraw in cash FIFTY PER CENT. more than he paid; or he may have an annuity which will pay his premiums, and yield in addition, a constantly increasing income; or he may have a paid-up policy for \$14,000. If he should elect the TWENTY YEAR class he may, on the same assumptions, withdraw in cash more than double the amount paid in; or receive an annuity that will pay premiums and leave him an income of more than double their amount; or receive a paid-up policy for \$22,000.

A more elaborate explanation may be procured from the Society's Agents.

THE Underground Gas Machine

FOR

Lighting Dwellings, Churches, Factories & Public Buildings.

The Subscriber, having procured the Agency for the above-mentioned Machine in the Dominion of Canada, is prepared to fill orders, and put up Machines in compliance with working order.

Any Gas Machine put up under his superintendence will be guaranteed to give satisfaction.

THE UNDERGROUND GAS MACHINE

Possesses the following valuable qualities :

It is entirely safe.

It is at all times reliable.

It is economical, the Gas costing about One Dollar and a half per thousand Feet, or one-half the cost of coal gas.

It is perfectly simple.

It involves no increased Rates of Insurance, as it diminishes risk over any other mode of lighting, and creates no extra hazard of any kind.

Its care involves no personal danger under any circumstances.

It requires no gas house above ground, nor any subterranean vault beneath it, *but is buried entirely in the earth.*

It does not require carefulness in filling, nor attention after being lighted.

It works the same with little or much fluid in it.

It does not employ any fire about it, and is equally reliable winter and summer.

It is free from intricacy or complication of machinery.

It is always in order, ready and reliable.

It will last a lifetime.

It does not require more than one minute a day to take care of it.

Samples of Machines in operation may be seen, and full information obtained, by applying to

The course of studies, in which religious instruction holds the first rank, is divided into sections—the classical and the commercial.

The classical course, principally taught in French, is designed to impart a thorough knowledge of the Greek, Latin, French and English languages and literature, pure and mixed mathematics, history and geography, philosophy, natural sciences, and whatever is necessary preparation for a professional career.

It comprises eight classes—Latin elementary, syntax, method, versification, belle-lettré, rhetoric, 1st and 2nd year of philosophy.

The commercial course, principally taught in English, embraces the English and French languages and literature, mathematics and other branches named above, moreover book-keeping, and whatever else may fit a young man for commercial and industrial pursuits.

It comprises four classes—grammar, literature, rhetoric, and philosophy.

There are, moreover, elementary and preparatory classes for younger students.

The system of education is paternal—teachers endeavour to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity.

To be admitted into the college, applicants must present a certificate of good character.

Monthly reports of behaviour, application for progress, are sent to parents or guardians.

None but relations or those who represent them, are allowed to visit the boarders.

Half-boarders and day scholars must absent themselves without the previous leave from the College authorities.

Payments, which are required in gold, or equivalent, and strictly in advance, are made 1st in the beginning of September, 2nd on 10th of December, and 3rd on the 30th of March.

The college will not take charge of providing a student with clothing or other necessaries unless a sufficient sum be deposited in the hands of the treasurer.

No reduction in the above mentioned terms will be granted for absence of less than one month.

RETAIL AGENT.

New offices corner St. James and St. Peter sts., Montreal.

Established in New York over thirty years on June 21st, 1841, and in Canada in 1857, for the promotion and protection of trade; our object, and that of our forty branch and

associate offices in the large cities of the United States of America, Canada, England, is to give information to subscribers, of the standing of those who purchase goods on time, or otherwise require credit.

We are supported by fully three-fourths of the merchants, bankers and manufacturers of every community where our advantages are known.

"This institution, established in the city of New York many years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the merchants and manufacturers of the country from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a system that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of merchants, traders, manufacturers, public companies, &c., throughout the United States, their Territories, and British North America."

Collections of past due debts particularly attended to for all, whether subscribers to the Agency or otherwise.

Terms of subscription will be made known at the office, where we shall be much pleased to afford information as to the system pursued and to give (free of expense) to those who contemplate joining the institution, a reasonable test of the correctness of our reports.

Postal regulations.

Mails are conveyed twice each way every day, ex-
cept Sunday, over the principal lines of railway in
Canada. Over the less important lines of railway
they are carried only once each way every day, ex-
cept Sunday.

Mails are also conveyed once each way every day,
except Sunday, over the principal lines of common
road; and once, twice, or three times per week over
the less important lines of common road.

The postal communication between Ontario and
Quebec and the lower Provinces is six times per
week each way via Quebec, Rivière du Loup and
Edmunston, once per week each way by steamers
from Quebec to Picton, and daily by Railway via
Bangor, Me., and McAdam Junction, Me., per week
steamer between Portland and Halifax.

The most speedy and direct postal route from Ca-
nada to almost every portion of the globe with the
exception of the Continent of America, the Isthmus
of Panama, New Zealand, China and Japan and the
West India Islands, is by way of England, whence
mails for the several British Colonies and Foreign
Countries are regularly despatched.

The most speedy and direct postal route from
Canada to all parts of the Continent of North Ame-
rica, South America, the West Indies, Central and
South America, is via New York.

The most direct postal route to New Zealand,
China and Japan is via Detroit and San Francisco.

Mails for England are despatched as follows: By
mail Steam Packets sailing from Quebec in summer
and Portland in winter every Saturday; and from
Halifax, Nova Scotia, every alternate Friday. By
Steamer from New York every Wednesday.

The following post offices in the Dominion of
Canada make up mails direct for certain post offices
in the United Kingdom, viz:

Hamilton,	Fredericton,
Toronto,	Sackville,
Kingston,	St John,
Ottawa,	St Stephens,
Montreal,	Chatham,
Quebec,	Dalhousie,
Halifax,	Newcastle,

Mails are exchanged daily with the United States
post offices at all the principal frontier points, and
closed mails are exchanged daily between the prin-
cipal cities of the Dominion and New York and
Boston.

Montreal exchanges Mails direct with the follow-

ing American Offices: Boston, Buffalo, Burlington, New York, Plattsburg, Portland, Rouse's Point, Rutland and Whitehall.

Mails for Bermuda and Newfoundland are made up at Halifax, Nova Scotia, whence steamers sail once a month to Bermuda and St Thomas, and once a fortnight to Newfoundland.

Rates of Postage Letters.—The rate of postage on prepaid Letters between any one place in Canada and other place in Canada, is regulated by weight, irrespective of distance, and is as follows:

On a letter not more than $\frac{1}{2}$ an oz.,	3 cents.
more than $\frac{1}{2}$ oz. but not ex. 1 oz.,	6 cents.
" 1 " "	11 " 9 "
" 1 $\frac{1}{2}$ " "	2 " 12 "
" 2 " "	2 $\frac{1}{2}$ " 15 "

And so on, 8 cents being charged for every additional $\frac{1}{2}$ oz., or fraction of half ounce.

If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to an additional rate.

Letters posted in and addressed to any place within the Dominion of Canada, if sent unpaid, are liable to a charge of 5 cents per $\frac{1}{2}$ oz.

In applying the 5 cent unpaid rate to letters passing within the Province posted unpaid or not fully prepaid—it should be observed that a letter passes either as pre-paid at 3 cents per $\frac{1}{2}$ oz., on condition that the whole postage due be fully pre-paid—or at 6 cents per $\frac{1}{2}$ oz. if posted unpaid, or only partly pre-paid—in the latter case the full rate at 6 cents per $\frac{1}{2}$ oz. will be marked, and a deduction made therefrom of the amount which may have been paid—thus on an ounce letter pre-paid 3 cents only—the rate will be 10 cents and crediting the 3 cents paid—7 cents will remain to be charged, and collected on delivery.

The object of the 5 cent unpaid rate is to induce pre-payment, and thereby relieve the Post Office from costs and trouble of account and collection, but this object is equally defeated whether the letter be wholly unpaid, or but partially pre-paid—and therefore the 5 cent rate applies to the whole charge upon the letter in both cases.

The charge on local or drop letters, viz., letters posted at an office in Canada for delivery from that office is one cent for each letter, which must be pre-paid, or the letter will be sent to the dead letter office for return to the writer.

The charge on letters delivered by letter-carriers in Canada, is two cents for each letter in addition to the ordinary postage.

The rate of postage on letters to Prince Edward Island is 3 cents per $\frac{1}{2}$ oz. if pre-paid, and 5 cents if not pre-paid.

The rate of postage on letters to Newfoundland is 12 $\frac{1}{2}$ cents per $\frac{1}{2}$ oz., which must be pre-paid.

The rate of postage on letters to British Columbia, Vancouver Island and Manitoba to Detroit, U. S. is the same as to any other part of Canada, but all postage must be pre-paid by postage stamp.

The rate of postage on letters between any place in Canada and any place in the United States, is 6 cents per $\frac{1}{2}$ oz. if pre-paid, and 10 cents per $\frac{1}{2}$ oz. if not pre-paid.

Upon a letter or packet, of any weight, addressed to the United States the whole postage or none at all should be pre-paid. If anything less than the whole is pre-paid no account is taken of it, and it is entirely lost to the sender.

The scale of weight under which the above letters are charged is the same as the scale under which letters, passing between places in Canada, are rated.

The single rate of postage on letters between any place in Canada and any place in the United Kingdom, is as follows:

By Canadian Steamer, sailing every Saturday from Quebec in summer and from Portland in winter. and from Halifax fortnightly, 6 cents per $\frac{1}{2}$ ounce.

By steamer, sailing from New York every Wednesday, 8 cents.

Letters addressed to the United Kingdom, and forwarded by either of the above routes, will be charged according to the following scale:

Letters not over $\frac{1}{2}$ an oz.,	1 rate.
Letters more than $\frac{1}{2}$ oz., and not ex. 1 oz.,	2 rates.
" 1 " "	1 $\frac{1}{2}$ oz., 3 rates.

And so on, adding one rate for every additional half ounce or fraction of a half ounce.

The postage on all letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, should be prepaid by postage stamp.

If sent unpaid 3d. sterling will be charged on each letter, on delivery, in addition to the ordinary postage rate.

Letters posted in the United Kingdom, for Canada, unless specially addressed "By Canadian Steamer," or "By Cunard Steamer," are despatched in the first mail that is made up—whether for Canadian or Cunard line—after the letter is posted, so that letters intended for the Canadian packets must either be posted on the proper days for the Canadian Packet Mails, or bear the words "By Canadian Mail Steamer" on the address. In like manner letters posted in Canada for the United Kingdom should be addressed "By Canadian Packet" or "via New York." If for the latter route the additional postage 2 cents per half oz. should be added to the ordinary rate of 6 cents.

Two cents will be charged on the delivery of letters which have been forwarded as above by Cunard Steamer, but on which 3d. sterling or 6 cents only per $\frac{1}{2}$ oz. have been pre-paid.

The charge on dead letters, returned to the writers, is five cents on each addition to the postage. **Soldiers' and Seamen's Letters.**—Non-commissioned officers, embodied pensioners, seamen and soldiers, and army school-masters of all but first class while they are employed in Her Majesty's Service can send and receive letters at the rate of 2 cents each, under the following regulations:

1. The two cents must be paid by postage stamp at the time the letters is posted.

2. The name of the soldier or sailor, his class or description, and the name of his ship, corps, or detachment to which he belongs, must be specified in the direction of the letter; and in the case of letter sent by soldiers or seamen, the officer in command must sign his name and specify his rank, and the name of the ship or regiment, corps or detachment which he commands. 3. The letter must not exceed $\frac{1}{2}$ an oz. in weight. 4. The letter must refer solely to the private affairs of the soldier or seaman.

All foregoing descriptions must be fully written in the address in the following form, the initials of the name of any ships or regiments being insufficient:

Soldiers' or seamen's letters are not liable to an additional rate on re-direction.

All soldiers' or seamen's letters are conveyed between Canada and the United Kingdom by the Canadian line of steamers.

Letters sent by commissioned or warrant officers, midshipmen or masters' mates, engineers, gunners, boatswains or carpenters in the navy, captains, clerks or first class school-masters, or commissioned or warrant officers in the army, are not included in the village attached to letters of soldiers and seamen, are chargeable with the same rates as ordinary letters.

3. The letter must refer to the affairs of the soldier or seaman, and must be fully written in the following form, the initials of the regiments being insufficient:

When the above rates are not paid in advance by the publisher or subscriber, the papers are charged 1 cent each on delivery.

It is not necessary that the commuted rate on newspapers should be paid absolutely on the first day of the quarter. The regulation is intended to be carried out with all due consideration for the convenience of the public, and it will be sufficient if the person sending to pay the commuted rates declares his intention and offers the payment when first calling at the office within a reasonable time after the commencement of the quarter; but having made his declaration to pre-pay the commuted charge, or to pay his papers as received at 1 cent each, as the case may be, postmasters are not expected to alter their newspaper account to allow of a change until the commencement of the next quarter.

The commuted rate of payment cannot be accepted by new subscribers during a quarter for any unexpired period of the quarter.

Newspapers published in Canada, which are not sent from the office of publication, must be pre-paid 2 cents each by postage stamps, otherwise they cannot be forwarded, but be sent to the Dead Letter Office and destroyed.

Papers of this class are termed "Transient Newspapers."

Publishers of newspapers in Canada are allowed to send in copies of their papers sent to subscribers, description accounts and receipts for the same without rendering them liable to any additional postage.

Packets of unbound newspapers published in Canada may be returned by a subscriber to the office of publication at the rate of 2 cents per 8 oz. or fraction thereof, which must be pre-paid.

Transient newspapers addressed to the United States must be pre-paid 2 cents each newspaper by postage stamps, otherwise they will not be forwarded, but be sent to the Dead Letter Office and destroyed.

Transient newspapers posted in the United States and addressed to Canada, are liable to 2 cents each on delivery. The stamp paid on these papers indi-

cates that the United States postage only has been pre-paid, the Canadian rate of 2 cents remaining to be collected.

American newspapers posted or re-posted in Canada except by news agents to regular subscribers must be pre-paid 2 cents each by stamp, otherwise they will not be forwarded.

The option of paying the commuted rate on newspapers does not apply to papers published in the United States; papers addressed to regular subscribers must be paid for at the full rate of 1 cent each.

Canadian news agents and booksellers may post American newspapers unpaid, when addressed to regular subscribers in the Province; but such newspapers are chargeable, on delivery, with 1 cent each.

Newspapers posted in Canada and addressed to the United Kingdom must be pre-paid by stamp, 2 cents each newspaper.

It is forbidden by the regulations of the British Post Office to send through the post, at newspaper rate, any newspaper bearing more than one address.

Persons sending newspapers to the United Kingdom from Canada should be careful to cut off the ordinary printed address pasted upon newspaper sent to subscribers in Canada from the office of publication, as any paper having thereon such printed address in addition to that of the party for whom it is intended will be sent to the English Dead Letter office.

When two or more newspapers are enclosed under one cover, postage must be pre-paid by stamp at the rate of 2 cents for each newspaper, or the package will be detained and sent to the Dead Letter office.

Newspapers forwarded by Canadian Steamer are delivered in the United Kingdom without additional charge.

Newspapers forwarded by Steamer from New York are liable, on delivery, in the United Kingdom, to a charge of one penny each, being the American transit rate.

Newspapers posted in the United Kingdom for Canada should, if forwarded by Canadian Steamer, be pre-paid one penny each, by stamp. They are subject on delivery, to no additional charge.

If to be forwarded by Cunard Steamer they should be pre-paid two pence each, or they will be kept for the Canadian Packet.

British newspapers re-posted in Canada must be pre-paid 2 cents each by stamp.

British newspapers distributed to regular subscribers by Canadian booksellers or agents, pass free in the same way as if received by the Canadian Steamers.

Canadian newspapers addressed from the office of publication to subscribers in the United States, the United Kingdom, Lower Provinces, &c., may be forwarded on pre-payment of the commuted rate applicable to subscribers within the Province; but they cannot be forwarded if unpaid. Care should be taken to see that such newspapers are properly stamped at the Post Office where posted "Prepaid by Publisher," as they are in the absence of such stamp liable to be mistaken for unpaid papers, and to be detained accordingly.

Exchange papers passing between publishers in Canada and between publishers in Canada and publishers in the United States, are carried free through the post.

No newspaper, properly so called (except exchanges), whether devoted to education, temperance, agriculture, or to any branch of science, is entitled to exemption from charge.

Newspapers addressed to Newfoundland must be pre-paid 2 cents each by stamp.

No United States newspapers of any kind or description (with the exception of exchange papers) are on any ground entitled to pass through the Canadian mails free of postage.

In cities and towns where newspapers are published, the printers and publishers should send them to the post office put up in a manner to admit of their being readily counted, and, if necessary, withdrawn from their covers for examination. The newspapers for each office also should be made up in strong paper in a separate parcel, which should be plainly addressed.

When the numbers of a newspaper published in Canada, or any other of the British North American Provinces, or in the United States, and issued daily, shall have remained in a post office in Canada un-

collected, the United States postage only has been pre-paid, the Canadian rate of 2 cents remaining to be collected.

Book post.—British Provinces and United States.—Books bound or unbound posted in Canada, and addressed to any office in Canada, British North America and the United States, are chargeable with a rate of 1 cent per oz., which must be pre-paid by postage stamps.

Books addressed to places in Canada can be sent through the mails in closed packets at the rate of postage applicable to parcels sent by parcel post.

Bound volumes of any periodical or newspaper published in Canada, if bound in a form to come within mailable dimensions, that is to say, not exceeding two feet in length, breadth or thickness nor exceeding 4 lbs. in weight, may be sent from the office of publication to any place in Canada at a charge of 1 cent per 4 oz. or fraction of 4 oz. if pre-paid.

Letters, whether sealed or unsealed, or any enclosure found in a book parcel, are liable to be rated as unpaid letters, and the packet in which it is enclosed becomes liable to an additional rate of 12½ cents as penalty for a breach of the regulations.

Book post.—United Kingdom, France, &c.—Book Packets are forwarded by post from Canada to the United Kingdom, and *vice versa*, at the following rates:—By Mail steamers sailing from Quebec to Portland and Halifax: For each packet weighing more than 1 oz., 2 cents; exceeding 1 oz. and not exceeding 2 oz., 4 cents; exceeding 2 oz. and not exceeding 4 oz., 6 cents;

Not more than 4 oz.....	6 cts
Exceeding 4 oz. and not exceeding 1 lb	12 ½
“ 1 lb	12 ½
“ 12 oz.	1 lb 24
“ 1 lb	1 ½ 30

And so on, the scale progressing throughout by single rate for every four ounces.

By Cunard and other steamers sailing from New York, as above: 4 oz. 9 cts.; 8 oz. 17 cts.; 12 oz. cts.; 1 lb. 33 cts.; 1 ½ lb. 41 cts.

Book Packets addressed to the United Kingdom may in future be registered upon payment of a registration fee of 8 cents, in addition to the ordinary rate of postage.

Book packets, printed matter, or single newspapers can be forwarded from Canada to France, *vice versa* by *Canadian Steamers only*, at the following rates:—

If not exceeding 2 oz. in weight	4 cts
If exceeding 2 oz. and not exceeding 4 oz.	8
“ 4 “	8
“ 8 “	12
“ 8 “	1 lb. 24

And so on adding 8 cents for each additional 4 oz. fraction thereof.

The following conditions must be carefully observed:

1. Every book packet must be either without cover or in a cover open at both ends or both sides.
2. It must not contain any letter open or sealed, writing to serve the purpose of a letter, or any seal enclosure whatever.
3. It must not exceed two feet in length, breadth or width.
4. The postage must be pre-paid by stamp.

A book packet may contain any number of separate books, publications, works of literature or art, almanacs, maps or prints, photographs, daguerreotypes, when not on glass or in frames containing glass, or any quantity of paper, vellum, or parchment (to the exclusion of letters); and the books, maps, paper &c., may be either written, printed, or plain, or a mixture of the three, and may be either British, Colonial or foreign.

All legitimate binding, mounting, or covering the same, or a portion thereof, will be allowed part of the packet, whether such binding, &c., loose or attached, as also rollers, in the case of prints and maps, and whatever may be necessary for the safe transmission of literary or artistic matter, whatever generally appertains thereto, and the postage is rated upon the gross weight of the packet.

The name and address of the sender may also be written or printed on the envelope or cover of the packet, in addition to the name and address of the person to whom it may be forwarded.

Book and Newspaper Manuscripts, and Printed Proofs.—In Department Order No. 65, dated 25 Nov., 1863, permission was given for Book-Manuscript, and Printers' Proofs, whether corrected or not, to pass at the printed matter rate of one cent per ounce, and it now appears to be necessary to explain that by Book-Manuscripts was meant the written sheets of any Book intended for publication, and the intention was to encourage literary production, affording facilities for Authors to send and receive such matter to and from their Publishers by Parcel Post.

Quebec, New Brunswick, Nova Scotia, Manitoba and British Columbia will be liable to the ordinary rates of postage.

Public documents and printed papers sent under the foregoing clauses, should bear, as part of the address, the *bona fide* superscription of the Speaker, Chief Clerk, or officer specially deputed for this purpose, to act for those functionaries, or of the member sending the same.

All letters and other mailable matter to and from the Postmaster General and the Deputy Postmaster General; and all official communications to and from the Post Office Department, and to and from the Post Office Inspectors are to pass free of Canada postage.

Abating and Refunding Postage.—Postmasters in Canada are allowed to refund postage in the following cases, only:—

Letters originating and for delivery in Canada, charged as weighing more than the actual weight.

Postage incorrectly charged on editors' notices addressed to publishers and editors, and exchange papers, which should legally pass without charge.

All other claims for the return and abatement of postage must be specially referred to the Postmaster General for his decision, with the letter or packet on which the return is claimed.

Undelivered and Dead Letters.—All letters remaining undelivered in the post office on the first of each month, excepting drop letters and such letters as are daily called for, are advertised in a list posted at the office door for the information of the public.

If a newspaper is published in the neighborhood, the Postmaster may be, at the discretion of the Postmaster General, directed to insert this list therein, provided the proprietor will give it insertion at the authorized rate, viz., two cents for three insertions of each name.

Parties applying at an office for advertised letters should always ask for them as such.

Letters and papers after remaining undelivered in an office for two months are sent to the Dead Letter office, as also are all letters refused by the person to whom they are addressed, or letters addressed to persons deceased.

Letters are opened in the Dead Letter office in order that they may, when necessary, be returned to the writers; but no Postmaster is at liberty, under any circumstances, to return a letter to the writer direct. All undelivered correspondence must be sent to the Dead Letter office.

Registration.—By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted:

On letters addressed to any place in Canada or the other British North American Provinces.....	2 cents.
On letters addressed to any place in the United States.....	5 "
On letters addressed to any place in the United Kingdom.....	8 "
On books addressed to any place in the United Kingdom.....	8 "
On parcels to any part of the Dominion...	5 "

The registration fees on letters to British colonies and foreign countries will be found in the British and Foreign Postage tables.

Every letter or parcel containing value should be marked for registration and presented to the Postmaster or his clerk, and a receipt obtained therefor. On no account should it be dropped into a letter box.

When letters are registered, both the postage and the registration fee must in all cases be pre-paid.

Books, periodicals, newspapers, circulars, and other printed matter cannot be registered (except books addressed to the United Kingdom) unless pre-paid the full letter rates, in addition to the ordinary registration fee.

Registered letters and packets can only be delivered to the parties to whom they are addressed or to

their order, and a receipt must be given on the delivery of each registered letter in a book kept by every postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or part abroad, if not to its delivery, at least to the frontier or port of despatch.

Postage Stamps.—Every Postmaster is required to have on hand a sufficient stock of postage stamps and to sell them to the public at $\frac{1}{2}$ cent, 1 cent, cents, 3 cents, 6 cents, and 12 $\frac{1}{2}$ cents each.

The Department has discontinued the supply of stamped envelopes.

Under the authority of the Postmaster General postage stamps are sold to certain dealers in the principal cities to retail again to the public, but no person other than a Postmaster, can sell postage stamps unless duly licensed to do so by the Postmaster General under a penalty of \$40 for each offence.

Pre-payment of letters should in all cases when practicable, be made by postage stamps.

A mutilated stamp, or a stamp out in half, is not recognized in pre-payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage separate from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country can be received in pre-payment of postage in Canada.

In affixing the stamp to the letter, wet slightly the corner of the envelope and the gummed side of the stamp and gently press the stamp until it is firmly fixed. Stamps should be placed on the front or address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in stamps and partly in money; the postage must be pre-paid either wholly in stamps or wholly in money.

If the stamps affixed to a letter addressed to a place in British North America be not adequate to the proper postage, the letter is rated with an amount equal to the deficiency; the whole postage being calculated at the *unpaid rate*, e. g. a single letter pre-paid 1 cent would be rated 4 cents additional; a double letter pre-paid 5 cents only would be rated 5 cents additional.

Letters addressed to the United States, on which stamps are affixed representing less than the amount of postage to which the letters are liable, are rated with full unpaid postage.

Postage stamps are received at all post offices in payment of postage on unpaid letters delivered therefrom.

Postage Rates on certain Miscellaneous Matter passing within the Province of Canada, or from and the United States.

1. Packages of seeds, cuttings, bulbs, roots and scions, or grafts, may be posted in Canada for delivery within the Province or to an address within the United States, on pre-payment by postage stamps at a rate of 1 cent per ounce; and when received from the United States addressed to any place in Canada such packages may be delivered on payment by a person addressed of a like rate.

2. The limit of weight for such packages will be found. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags the bag must be simply tied at the neck, so as to admit of inspection; and in the case of such packages mailed in Canada, the nature of the contents, such as "seeds," "roots," &c., as the case may be, must be marked on the package by the sender, as a statement of the claims to pass at the reduced rate above mentioned.

Commission of patterns of Merchandise and
Samples between Canada and the United King-
dom, and certain other countries.

Patterns of Merchandise and samples may be
forwarded between Canada and the United Kingdom,
Denmark, France, Italy, Belgium, and the Ger-
man States by the Canadian packet mails, at book-
rates, and subject to the following conditions:

The patrons or samples must not be of any in-
trinsic value; and this rule excludes all articles of a
valuable nature, and whatever may have a value of
more, apart from its mere use as a pattern; nor
the quantity of any material or article sent as a
pattern or sample be so great that it could have on
ground an intrinsic value.

At this point an explanation in a subsequent De-
partment Order, appears as follows:

It has hitherto formed part of the Imperial
office regulation that "Samples or patterns must
be of intrinsic value," but in consequence of the
difficulty that has been experienced in determining
what is, and what is not, a pattern or sample of mer-
chandise of intrinsic value, this prohibition has been
repealed.

The modification is a verbal one, and will not alter
enlarge in any way, the character of the transac-
tion permitted to pass by pattern post.

The special prohibition as to intrinsic value, has, it
is understood, been withdrawn, not because the ques-
tion of value will not still influence a decision as to
whether an article offered for transmission by pattern
is a genuine commercial sample (or pattern) or
not; but because as a general proviso it could not well
be enforced; inasmuch as every article, whether pro-
vided as a pattern or sample or not, has necessarily
more or less of an intrinsic value, and might be held
inseparable to a strict construction of this prohibi-
tion clause in the regulation.

The patterns, &c., must be sent in covers open
at the ends, so as to be easy of examination. Samples,
however, of seeds, drugs, and such like, which can-
not be sent in open covers, may be enclosed in bags
of paper or other material, simply tied at the neck;
provided that bags be transparent, they may be
sent closed if they are for delivery within the
United Kingdom. Bags, however, entirely closed,
although they be transparent, must not be used
for the transmission of seeds to foreign parts.

The rule which prohibited the transmission
through the post, as patterns, of articles of cutlery,
has been rescinded; and scissors, knives, razors,
steel pens, nails, keys, watch machinery,
metal tubing, pieces of metal or ore, and such like
articles, are now allowed to be forwarded by the post
as samples, provided they be packed and guarded in
such a manner as to afford complete protection to
the contents of the mail bags, and to the persons
concerned in the post office. Such articles, how-
ever, must be so packed that they may be easily
examined; and it is made a rule that any packet
containing such articles which may be found to be
insufficiently guarded, shall not be forwarded through
the post.

The limits of weight are as follows:

For Canada.....	24 oz.
United Kingdom.....	24 "
France.....	36 "
Germany.....	8 "
Kingdom of Italy.....	86 "
Belgium.....	8 "
Netherlands.....	8 "
Portugal, Azores, and Madeira.....	16 "
Denmark.....	48 "
Switzerland.....	48 "

A packet of patterns or samples sent to France or
Portugal must not exceed 18 inches in length, or 12
inches in width or depth; a packet to any other
place abroad must not exceed 24 inches in length or
12 inches in breadth or depth.

None of the articles named in the rule D. may be
sent as patterns or samples to any place abroad,
except Germany, Belgium, and the British colonies,
and not to these places when addressed "via
Franco."

There must be no writing or printing other than
the address of the person for whom the packet is
intended, the manufacturers or trade mark and num-
ber, and the price of the article.

Any infringement of the above regulations will
render the packet liable to be treated and charged
as a letter.

MONEY ORDERS.

Every money order office in Canada issues money
orders on every other money order office in Canada
as well as on every money order office in the United
Kingdom. Money orders on the United Kingdom
payable through Banks may be used for remittances
to the continent. Every money order office in the
United Kingdom also issues money orders on every
money order office in Canada.

MONEY ORDERS IN ONTARIO, QUEBEC, NEW BRUNSWICK,
NOVA SCOTIA AND PRINCE EDWARD ISLAND.

All the money order Post Offices in Ontario, Que-
bec, New Brunswick, Nova Scotia and Prince Edward
Island are authorized to draw money orders on each
other for any sum up to \$100, and for as many orders
of \$100 each, as the applicant may require, upon the
following terms, viz.,

On Orders up to \$10.....	5 cents.
" over \$10 and up to \$20.....	10 "
" over \$20.....	20 "
" over \$40.....	30 "
" over \$60.....	40 "
" over \$80.....	50 "

MONEY ORDERS ON THE UNITED KINGDOM.

The money order offices in the Provinces above
named also draw upon all the money order offices in
England, Ireland and Scotland, and the Channel
Islands, for any sum up to £10 sterling, and grant
as many orders for £10 sterling each as may be need-
ed to make up the amount to be remitted. The
terms are as under

On Orders up to £2.....	25 cents.
" over £2 and up to £5.....	50 "
" over £5.....	75 "
" over £7.....	£10. 1.00

MONEY ORDERS ON NEWFOUNDLAND.

The money order offices in Ontario, Quebec, New
Brunswick, Nova Scotia and Prince Edward Island
draw also upon all money order offices in Newfound-
land. The orders, like those of the United King-
dom, are made payable in sterling money, and for
sums up to £20 sterling. The terms are:

For orders up to £5.....	25 cents.
" over £5 and up to £10.....	50 "
" over £10.....	75 "
" over £15.....	£20. 1.00

No half cents can be introduced into orders.

No money order exceeding \$100 in amount can
be granted on any office in Canada; but Postmasters
are at liberty to grant two or more orders for \$100 or
for any lesser sum.—They cannot, however, grant
two or more orders for sums of or under \$10 on the
same day to the same applicant in favor of the same
payee.

Tables showing the amount of Provincial currency
required for money orders issued in Canada upon
the United Kingdom, in addition to the commission,
and for money orders issued in the United Kingdom
upon Canada will be found subjoined.

Applicants for money orders should always use the
printed application forms, filling up the blanks with

the particulars of the order required. These forms are supplied gratuitously at all money order offices.

The Christian and surnames in full, and residences, both of the remitter and payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own Christian name must be given, and not that of her husband, thus—

"Mrs. Mary Smith," not "Mrs. John Smith."
If the remitter or payee be a Peer or a Bishop, his ordinary title is sufficient. If a firm, the usual designation of such firm will suffice, such as "Baring Bros." "Smith & Son," "Jones & Co."

Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

Money orders, which in consequence of misapprehension of the name of the remitter or place of payment, have been erroneously made out, can be returned to the postmaster and a correct order given in exchange; a new commission however, will be charged on the corrected order.

Parties obtaining money orders on Canadian offices can procure re-payment thereof on presentation of the order at the office at which it was issued, signing the receipt at the foot. No order, however, can be re-paid without the authority of the superintendent, unless presented for re-payment on the day on which it is issued. Neither can orders on the United Kingdom be re-paid without his special authority.

When a remitter desires an order on the United Kingdom to be paid through a bank, it is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee any other designation or modification, such as "The Cashier of the Bank of England," "the chief Clerk of the Foreign Office." Such orders must, however, be crossed by the issuing postmaster with the name of the bank through which the order is to be paid.

The issue of money orders on credit, or for cheques not marked "good" by the bank drawn upon, is strictly prohibited.

If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing ; as for example

Witness—John Kenny, Joseph † Allen.
Queen Street, Toronto. Mark

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favor of a second person, if through illness or insuperable difficulty the payee is prevented from presenting the order in person. The second person cannot, however, transfer the order to a third but must present it himself.

When a Canadian money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue a duplicate.

Duplicates of sterling orders can only be granted by the paying country. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head and Sub-Head Money order offices, grant duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as lapsed orders, and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

NOTE.—The word "Superintendent" as used in the above regulations means: 1st, The Chief Superinten-

dent at Ottawa; 2nd, the Superintendent at St. John's, N.B.; and 3rd, the Superintendent at Halifax, N.S., each dealing with the matters having respect to the section of the Dominion under his charge before Confederation. In matters of general importance the Chief Superintendent at Ottawa, is the officer to be addressed.

DEAD LETTERS.

A letter delivered to the wrong person in consequence of his name being the same as that of the person for whom the letter really intended, should be returned to the postmaster from whom received, the party writing on the cover "opened by through mistake," and signing his name thereto.

Letters posted without any direction, or addressed imperfectly that they cannot be forwarded to their intended destinations, and also unpaid or insufficiently paid letters addressed to countries to which ours cannot be sent without the postage is pre-paid, are returned to the writers through the Dead Letter

No information can be given respecting letters which pass through a post office except to the person to whom they are addressed.

Parties desiring their letters and papers to be re-directed should send an intimation to that effect, in writing, to the postmaster of the office from which letters and papers are to be directed.

Postmasters are allowed to re-direct letters to the known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being called for.

Letters and papers are not subject to any additional charge when re-directed from one post office in Canada to another post office in Canada.

Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains glass or anything likely to injure the contents of the mail bag or the person of any officer of the post office.

The transmission of indecent photographs, or prints and immoral books, papers or publications through the Post is strictly prohibited, and all packets containing such articles should be stopped and sent to the Postmaster-General.

A postmaster is not legally bound to furnish change; but may require that the exact amount of postage on any letter or packet be tendered to him in current coin, or in Canada postage stamps.

Postmasters and their assistants in the above matter as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices with the utmost courtesy.

Letters cannot be delivered at any intermediate office *en route*, but must be conveyed to the office to which they are addressed.

N.B.—The Currency amount to be added for any broken sum between the pounds Sterling, viz., from £1 to £5, will of course be taken from the scale above. Thus for an Order of £3 18s. 11d. Sterling: £8 is £4 60; and, for 18s. 11ds. \$4.60, which will give the full value of the Order, viz., \$19.20.

BILL STAMPS

Bill Stamps.—Are distributed for sale very generally throughout the Post Offices in the Province; these stamps are of various values from 1 cent upwards. Bill stamps cannot be used in pre-payment of postage.

Law Stamps.—Are also for sale at the principal Post Offices in Lower Canada,

General Regulations.—Postmasters and certain other officers of the department are exempt from serving on juries or inquests. This exemption applies to mail carriers, but not to assistants appointed and paid by postmasters.

Postmasters are not authorized to give credit for postage, if they do so it is entirely at their own risk

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application however urgent, can it be delivered back to the writer, or to any other person.

A letter addressed to a firm may be delivered to an member of the firm. If addressed to several persons it may be delivered to any one of them.
